ADDENDUM – B Tuition and Fee Schedule

Addendum to School Catalog

Effective December 1, 2023

A registration fee that is calculated as part of the total program cost is due at the time of enrollment. **All tuition payments must be made before completion of a program**, unless other arrangements have been made via the enrollment agreement or finance plan. Each student will receive an enrollment agreement, which will outline the payment schedule. Students must be current on monthly payments to begin externship. Students who are not current on monthly payments by the completion of classroom training may be delayed in beginning their externship. For more details on this policy, see the catalog regarding externship attendance. In the event that a student does not meet the terms of the enrollment agreement or finance plan, the College will negotiate an alternative payment plan. If the student does not meet the terms of the alternative plan, the student may be temporarily blocked from classes.

The following are the costs for each program:
