## **COVID-19 Impact on Graduation Date and Program Delivery**

At the time of your enrollment we have done our best to give you a projected graduation date, as stated on your enrollment agreement. Your estimated graduation date is determined based on program length and finishing the program in normal time. Your actual completion date can be impacted by various factors, including but not limited to; repeating failed classes, withdrawal, taking a leave of absence from program, changing programs, and/or delays in completing externship hours. COVID-19, and its mandated restrictions and orders are no exception and have the potential to impact and delay the estimated graduation date documented on your enrollment agreement. Delays in completing required on-campus activities and externship are a possibility should the COVID-19 pandemic be prolonged.

In addition, due to the situation in general and state and local orders associated with the COVID-19 pandemic, CHCP is unable to determine if and when delivery method operations will return to normal. As you have been informed, due to the pandemic both residential and blended delivery programs are being delivered remotely and you will be required to attend the campus for hands-on skills training and competency check-offs. There is the possibility that the entire program may be delivered remotely, with the exception of skills and competencies.

CHCP will work with all students over the duration of their program to communicate any changes as a result of the COVID-19 pandemic. Should you have any questions or concerns regarding your anticipated graduation date, please speak with your Program Director or the Director of Education.

## ADDENDUM - B Tuition and Fee Schedule

Addendum to School Catalog

Effective date August 11, 2022

A registration fee which is calculated as part of the total program cost is due at the time of enrollment. **All tuition payments must be made before completion of a program**, unless other arrangements have been made via the enrollment agreement or finance plan. Each student will receive an enrollment agreement, which will outline the payment schedule. The College has the right to charge a student/graduate a \$25.00 late fee in the event his/her monthly payment(s) should become delinquent more than 4 business days. Students must be current on monthly payments to begin externship. Students who are not current on monthly payments by the completion of classroom training may be delayed in beginning their externship. For more details on this policy, see the catalog regarding externship attendance. Transcripts and certificates of completion are not issued to graduates until all monies due the College have been paid in full. In the event that a student does not meet the terms of the enrollment agreement or finance plan, the College will negotiate an alternative payment plan. If the student does not meet the terms of the alternative plan, the student's account will be turned over to a collection agency or sold to a bank.
