7. As of this date The College of Health Care Professions has established the following eligibility requirements: Our initial funding window was for students that were PELL eligible for the latter of the 20/21 or 21/22 FAFSA and were active as of 7/31/21. That funding window closed 10/31/2021. We opened a second funding window for students that were PELL eligible for the latter of the 20/21 or 21/22 FAFSA and were active as of 11/1/21, and had not yet received a HEERF Grant under the prior funding window. That window closed 12/31/2021. Additionally, students may have become eligible through professional judgments, new FAFSA submissions or ISIR corrections provided they met the

census date eligibility and not received a prior HEERF Grant. Additional funding windows will be opened based on remaining funds.

8. As of this date all eligible students have been notified via email, text message and via US Mail (if their email was undeliverable) with instructions on how to contact the school to learn about their options to receive the emergency grant. Once a student contacts the school, we explain the three options on how they can choose to apply funds to their existing account balances, or have the grant sent to them directly.
